Of
Dr. Homayoun sadeghi

Family Name: Sadeghi Bazargani
Surname: Homayoun
Date of Birth: Sep 27, 1970
Nationality: Iranian
Address:

- 1- Department of Statistics & Epidemiology, Tabriz University of medical sciences, Tabriz, IRAN. Postal code: 5166614711

Email: homayoun.sadeghi@gmail.com

Fields of most interest:

- 1- Clinical Epidemiology(focus on injury epidemiology and non-communicable diseases Epidemiology)
- 2- Statistical Epidemiology(focus on prediction models especially supervised models)
- 3- Methodological and statistical aspects in scientific writing

Academic Degrees

- 1- **PhD in medical sciences:** Field : Statistical modeling & Epidemiology, Karolinska institute. Sweden (2010)
- 2- **PhD Degree application approved in Iran:** Epidemiology
- 3- **Master of science:** Karolinska institute. Sweden
- 4- **MPH degree,** Tehran University of Medical Sciences
- 5- **MD degree,** School of Medicine, Tehran University of Medical Sciences.

Positions & Professional Experiences

Current:

1. **Chief Editor:** Journal of clinical research & governance.
2. **Assistant Professor of Epidemiology:** Department of Statistics and Epidemiology, Faculty of health and nutrition, Tabriz University of medical sciences, Tabriz, Iran
3. **Section editor and editorial team member:** Journal of injury and violence research.
4. **Editorial board member:** World Journal of critical care medicine.
5. **Director:** Injury & Trauma Knowledge management Unit, National knowledge management units, Ministry of health & medical education, Iran. 2012-present
6. **Director:** Injury epidemiology & prevention research team, Tabriz University of medical sciences, Tabriz, Iran. 2011-present
7. **Director:** Road Traffic Injury epidemiology research Center, Tabriz University of medical sciences, Tabriz, Iran. 2013-present
8. **Methodology and statistical consultant and committee member:** Neuroscience research center, Tabriz University of medical sciences. 2010-present
9. **Methodology and statistical consultant and committee member:** Rehabilitation research center, Tabriz University of medical sciences. 2010-present
10. **Committee member:** Medical philosophy & history research center, Tabriz University of medical sciences. 2012-present
11. **Member:** Iranian center for evidence based medicine, Tabriz University of medical sciences. 2010-present

12. **Member:** American statistical association 2010-2013

Previous:

13. **Chair:** Research development and coordination center, Tabriz University of medical sciences. Present
14. **Member :** Injury prevention and safety promotion research team, Karolinska Institute, Stockholm, Sweden
15. **Principal member:** Research committee, Ardabil University of Medical Sciences. Past.
16. **Representative member:** Research committee, Ardabil University of Medical Sciences. Past.
17. **Deputy for Research** , North-west research center for infectious diseases.Ardabil University of medical sciences
18. **Deputy for research**, Ardabil provincial health department(centre). Ardabil University of Medical Sciences.
19. **Representative by chancellor** of Ardabil University of medical sciences in Ardabil provincial research database committee. Past.
20. **Research manager** and *methodology & surveillance* team leader for the joint Sweden – Iran research project: “Designing and evaluating an injury prevention model on burns for rural areas of Iran”.
21. **Principal member:** “Research methodology consultation committee”, Ardabil University of Medical Sciences,
22. **Manager of District Health Network.** Parsabad district health network, Past.
23. **Director of Parsabad district health center**, Past.

Teaching experience

- 1- Statistics and research methodology at PhD level, Karolinska Institute, Stockholm, Sweden
- 2- Research methodology & Scientific writing, Epidemiology, Biostatistics and at Master and PhD level(MSc. And PhD students): Tabriz University of medical sciences, Repeatedly
- 3- Teaching at workshops: Research methodology(quite repeatedly)/ Case control studies/ Clinical trial studies / scientific writing- Repeatedly

Thesis supervision

Master level 5 theses

MD level / Two theses

Methodology co-supervisor for Clinical specialty degree theses/ 12 theses

Scientific peer review jobs

Research articles: Several review jobs for WHO bulletin, Elsevier and other publishers.

Research proposals: More than 50 proposals reviewed.

Research grants

	Organization Name providing grant	Project name	Role in project	Principal investigator
1	Tabriz University of medical sciences	Risk factor analysis of childhood burn injuries	Principal investigator	Homayoun Sadeghi
2	Joint research underway between Azad University of Tehran (department of statistics) and Tabriz UMS.	Application of orthogonal partial latent structures modeling compared to linear regression in assessing predictors of stroke prognosis		Dr. Sadeghi/ Dr. Fathi
3	Ardabil University of medical sciences	Designing and evaluating a sampling software for health research	Principal investigator	Homayoun Sadeghi
4	Joint research between Tabriz university and neuroscience research center	PTSD and Psychological aspects of burn injuries	Principal investigator	Dr. garousi- Dr. Sadeghi
5	State Management and planning organization: Ardabil province	Health survey for nomads of Ardabil province.	Principal investigator	Homayoun Sadeghi
6	Karolinska institute/SIDA from Swedish side Ardabil University of medical sciences/Iranian Ministry of health from Iranian side	Designing and evaluating an injury prevention model on burns for rural areas of Iran	Research manager, Methodology and surveillance team leader	Robert Ekman Shahnam Arshi
7	Ardabil University of Medical Sciences	Case- Control study of risk factors responsible for burn injuries in rural children	Main co investigator	Shahnam Arshi
8	Ardabil University of Medical Sciences	Qualitative research on Injury risk factors responsible for injuries needing medical care	Principal investigator	Homayoun Sadeghi
9	Servier company/ France	Diamicron MR in Iranian patients in Ardabil province	Collaboration in analysis and writing paper	Manuchehr iranparvar
10	Ardabil University of	Sero-epidemiology of	Principal investigator	Homayoun

	Medical Sciences	leishmaniasis in dogs of nomad population in ardabil province		Sadeghi
11	Ardabil University of Medical Sciences	DMPA bleeding complications in Ardabil province	Principal investigator	Homayoun Sadeghi
12	Ministry of health	Need assessment for medical services in Ardabil province	Main co investigator	Hossein Zohouri
13	Ardabil University of Medical Sciences	Research problems of university members	Statistical analysis	Lotfi
14	Ardabil University of Medical Sciences/ Ministry of health	Comparative study of sealant therapy by dentists and health workers	Statistical analysis	Samadzadeh
15	Ardabil University of Medical Sciences	Comparative study of diclofenac suppository and methadone injection on post cesarean pain	Statistical analysis	Farnaz Ehdaevand
16	Ardabil University of Medical Sciences	Maslows hierarchy of needs in personnel of Ardabil University of medical sciences and health services	Statistical analysis	Shahnam Arshi
